MEETING AGENDA REPORT

Special Meeting of the Board of Directors

May 25, 2016

Report to: President and Members of the Board

Prepared by: Susan Greer 

TOPIC:

16/17 – 17/18 BUDGET PRESENTATION AND DISCUSSION

RECOMMENDATION:

Information only. Formal budget adoption is planned for the June 15, 2016 board meeting.

ANALYSIS:

The draft two-year 16/17 – 17/18 Operating and Capital Budgets are attached. In addition, the new Unfunded Budget is also attached. All three budgets were presented to the Finance Committee already.

The Operating Budget includes typical revenues and expenses required for the regular business activities of the District. Significant revenues are from water sales and taxes. Significant expenses are maintenance and repair of the water system, employee salaries and benefits, recharge water purchase and debt service. Projected revenues exceed projected expenses in both years, creating net revenue.

The Capital Budget includes revenues and expenses related to capital projects, such as well rehabilitation, mainline replacement, and studies/reports, such as the Urban Water Management Plan. Revenues for capital projects can come from grants, loans, reserves and net revenue from the operating budget. The capital budget includes projects identified in the new Capital Improvement Plan. There is insufficient funding for all of the capital projects identified.

The Unfunded Budget is new this year. Program 62 of the unfunded budget represents additional operating costs for the proposed budget cycle that could not be funded in the proposed Operating Budget. Program 82 represents unfunded capital projects from prior budgets, included primarily for accounting/balancing purposes.

We will discuss the budget in detail at the meeting. Assuming concurrence from the board on a final budget at this meeting, we will make any changes and present the final document including charts, graphs, the General Manager's letter and more for adoption at the June 15<sup>th</sup> board meeting.

Thanks first to Anne Roman for her significant effort preparing and managing the budget. In addition, the department managers including Seth Zielke, Keith Faul and Manager Sauer have provided their thoughtful input into the budget, with involvement from their own staff. It's a group effort and it gets better with each budget. We are incorporating some new ideas into the presentation planned for this meeting as well as into the final budget document, to be presented June 15.

**STRATEGIC PLAN ITEM:**

n/a

**FISCAL IMPACT:**

While this meeting will include only the presentation and discussion of the budget and not final adoption, the Operating Budget as presented will have the following impacts, when adopted:

Budget Year	Revenues (source of funds)	Expenses (use of funds)	Net Revenue Revenues less Expenses
16/17	\$5,574,613	\$5,535,521	\$39,092
17/18	\$5,755,299	\$5,643,413	\$111,886
